PHIL AND RACHEL McRAE'S NEW T6050

Phil and Rachel McRae of Boondah, Breeza recently took delivery of a New Holland T6050 Plus Tractor. This machine was ordered by Phil with specific factory options such as Extra Remotes, Front Suspension and Narrow tyres to suit his farming and spraying operations at Breeza. A New Holland/Challenge front end loader was also fitted to the tractor. Pictured are Phil and Rachel on delivery of their new machine.

A NEW HOLLAND BC5060 FOR GARRY BURGESS AT TIMBUMBURI

In a move aimed at producing the best shaped small bale possible, Gary has upgraded from his 10 year old New Holland 575 baler to the New Holland BC5060. Keeping with New Holland for its reliability and ease of service, availability of parts and the fact that Gary is confident in carrying out maintenance and adjustments were all important factors in the decision.

While the New Holland 575 produces a very good bale, Gary wanted to upgrade the baler and after doing some research and talking with Merv Leard of Goodwin Kenny, he decided the New Holland BC5060 would give him the best possible bale for his hay customers. On start-up the baler went into a Lucerne crop with big windrows and put out 600+ bales in the next 2 ½ hours ahead of rain.

ROY AND JOAN SAVIC'S NEW HOLLAND BOOMER

After recently moving to Forest Hills (Tamworth) Roy and Joan Savic were looking for a small tractor combination to do the landscaping and tidying up without the hard manual labour. Roy has chosen a New Holland Boomer 1030 (28Hp) fitted with a 1.54m Mid Mounted mower deck, a Challenge 4 in 1 Front End Loader and a Superior post hole digger. The decision to buy New Holland was easy as Roy's brother in Queensland has a Boomer 1025 and has been very happy with it over a few years. Having just constructed a couple of new sheds and some long pipe trenches, the tractor will spend its first few months moving dirt creating and shaping raised garden beds and digging holes for boundary and decorative fences.

Pictured is Roy Savic and Goodwin Kenny's Salesman Tony Housden.

FARRER'S NEW HOWARD PROCUT

With the large area of ovals and surrounds that Farrer High School needs to keep in a useable condition, finishing mowers are required to work hard constantly.

A new Howard Procut P3-210 has been chosen because of it's reliability, robust construction and quality of cut.

Maintenance of the Procut P3-210 is easy with remote spindle/bearing greasing points, stainless steel covers over the 2 belt drive and spindles and the Laser Bladez tilt forward fling-tip cutting blades. The front and rear rollers and side skids help reduce scalping in undulating areas and guarantee a smooth even finish on the football ovals. Pictured at left is Brian Coleman and his faithful helpers at start-up.

Call in and inspect the range of tractors on display at Tamworth and Gunnedah. At Tamworth we have New Holland TD80D, T5050, T7.170 & T7.185 tractors, also the new New Holland Workmaster 45 (45 Horsepower) and the Rustler Utility Vehicle.

At Gunnedah we have New Holland TD95D, T6080, T7.280, T8040 and T8.330 tractors.

So call in and talk to Tony Housden at Tamworth and Glenn Furner at Gunnedah

BALE SKIIS

You may have read or heard about Bale Skiis—no, it is not a new way to slide bales down the hill but a way to improve your bales and baling.
They have been around for a few years in the United States and a number of operators in Victoria and South Australia have been using them for the last couple of years.

What are Bale Skiis??

The Bale Skiis baler liner covers the bale forming chamber with a specially designed, self adjusting material.
An anti-spring back pattern machined into the product uniformly compresses the hay and keeps it compressed when the baler plunger retracts. This ensures a constant uniform movement and compression of hay through the chamber. This means that the hay is not moving back and forth in the chamber breaking leaves off stems.

How will it help me??

The Bale Skiis baler liner stabilise friction which results in:

- Reducing the amount of tension in your bale chamber.
- Reducing horsepower and fuel consumption.
- Reducing knotter problems.
- Reducing wear, breakdowns and downtime.

Goodwin Kenny have a trial underway with Bale Skiis in both a small square and a large square baler. Initial feedback on the small square baler in our district has been positive. More information and feedback will be available in the next few weeks.

HAY & SILAGE IMPROVER

"HELPING NATURE WORK"

HY-SI is a preservation management tool that works by accelerating the conversion of sugar to organic acid (pickling agent).
HY-SI contains no living bacteria, but does contain nutrient rich fermentation by-products, enzymes and a completely non-toxic form of cobalt resulting from the Dextro-Lac process.

HY-SI *specifically* targets the "base level" bacteria, the B12 synthesizers, that the Organic Acid Bacteria, namely Lactic Acid Bacteria (LAB) require to nourish them and maximize lactic acid production.

By creating lactic acid more rapidly, more energy and protein is preserved in hay and silage for increased milk and meat production. *Part No*: HY-SI10 $187.00 Inc GST

This month we have 3 NEW HOLLAND Plush Toy Tractors to give away - simply return your payment by Friday 25th November 2011, to go in the draw.

We would also remind customers that we accept Visa & MasterCard over the phone and Debit cards may be used at Tamworth and Gunnedah Branches.

All payments by these methods are included in the monthly draw.

Electronic/Internet Payments on the last day on the month cannot be allocated until the next day - it would assist us greatly if payments could be made prior to the last day of the month to allow receipting and allocation to accounts to Month End….thankyou

For customers that use Internet Banking, our bank account details are:

Commonwealth Bank BSB: 062 602 Account Number : 00 272 029

Please use your account number, name or invoice number as a reference.

JOKE OF THE MONTH: REPLACEMENT WINDOWS

Last year I replaced all the windows in my house with that expensive double-pane energy efficient kind, and today, I got a call from the contractor who installed them.

He was complaining that the work had been completed a whole year ago and I still hadn't paid for them.

Hellloooo,.....just because I'm blonde doesn't mean that I am automatically stupid. So, I told him just what his fast talking sales guy had told me last year, that in ONE YEAR these windows would pay for themselves!

Hellllooooo? It's been a year! I told him.

There was only silence at the other end of the line, so I finally just hung up.
He never called back. I bet he felt like an idiot.

Don't forget to get your New Holland Toys for Christmas!

Just to Keep you up to date:

GIRLS NIGHT IN AT WERRIS CREEK

On Saturday 15th October, Werris Creek local girls Jessica Davis & Brooke Fisher held the town's first Girls Night In at the Werris Creek Golf Club to raise funds and awareness for Women's Cancer Research. Goodwin Kenny was one of the major sponsors donating a New Holland Pink Ride-On Tractor for the silent auction and New Holland "Goodie Bags" & New Holland Ladies T-Shirts for prizes. Jamie & Debbie from the Tamworth attended the function and had a great night with trivia, games, raffles, dancing and karaoke. What more can a girl want? The MC for the night, Melissa Stubbs did a fantastic job at entertaining the crowd of approximately seventy women. Many laughs were had by all. Shaen Fraser from the Cancer Council took time out from the Relay For Life in Tamworth to join the party to be guest speaker. The goal for the night was to raise $2,000.00 and funds raised went well beyond at $3,634.10. Jessica & Brooke did a wonderful job organising the night and they look forward to holding the event again in the future. Pictured (L –R) 1. Jamie Rutter, and Debbie Adams 2. Jessica Davis, Brooke Fisher, Shaen Fraser and Melissa Stubbs.

TAMWORTH KANGAROOS

TAMWORTH KANGAROOS AUSTRALIAN FOOTBALL CLUB
Go Roos

On Saturday 15th October the Tamworth Kangaroos held their Presentation Night. The Roos were celebrating their Grand Final win, presenting Player Awards and also reliving some of their 15 year history -naming the Team of the last 15 years. The award for Rising Star was won jointly by Lachlan Maloney and Alex Hudson. Pictured at the presentation are Lachlan Maloney, Susan Goodwin and Club President Shane Douglas.
If you would like to play AFL with the Roos call Tim Cotter on 0429 447 307 or email tim.cotter@mac.com
